FASHION JEWELLERY

Website design and build

Project estimate and scope sheet · handcrafted Bengali jewellery, Kolkata

PREPARED FOR	Fashion Jewellery, Baghajatin, Kolkata 700086
PREPARED BY	Sumit Nandi — design and front-end
DATE	4 November 2026
REFERENCE	FJ-WEB-2026-01
VALID UNTIL	4 December 2026
LIVE PREVIEW	fashion-jewellery.pages.dev

FIXED PROJECT PRICE	TIMELINE	TO BE DELIVERED	INCLUDED
₹1,45,000	**15 working days**	**10 pages**	**2 revision rounds**
106 hours at ₹1,400/hr	from advance and content	plus shared components	30-day bug warranty

A complete, mobile-first storefront: home, collections, three product pages, cart and four policy pages, with multi-currency pricing and WhatsApp ordering. The design stays quiet so the jewellery carries the page, and the build is plain HTML, CSS and JavaScript that can be hosted free and edited by hand. The build is already in preview, so these figures can be issued either as a proposal or as the scope and value statement for the completed work.

SCOPE OF WORK

Homepage
Sticky header with wordmark, currency and cart, hero, collection teasers, story and footer.

Collections page
Filter tabs with shareable category links, product grid and a styling call to action.

Product pages (3)
Image viewer, thumbnails, live price, specifications, related pieces and add to bag.

Cart page
Quantity steppers, remove, live subtotal, WhatsApp order hand-off and an empty state.

Bag engine
Browser-persisted bag, quantities merged per piece, header badge, +1 animation and toast.

Currency system
INR, USD and GBP in a custom dropdown, auto-detected by country, manual choice saved.

Policy pages (4)
Shipping, returns, privacy and terms on the shared page layout.

Responsive and motion
Phone, tablet, landscape and desktop layouts, category list in the menu, reduced motion.

Technical and handover
Hand-written HTML, CSS and JavaScript, no build step, accessibility and Cloudflare Pages.

ITEMISED EFFORT AND COST

#	Work package	Hours	Amount
1	Discovery, sitemap and wireframes	8	₹11,200
2	Visual design system and page designs	16	₹22,400
3	Homepage build	10	₹14,000
4	Collections page with filters and deep links	8	₹11,200
5	Product detail pages (3)	14	₹19,600
6	Cart page and bag engine	12	₹16,800
7	Multi-currency switcher and location detection	6	₹8,400
8	Policy pages (4)	4	₹5,600
9	Copy polish and Bengali typography	6	₹8,400
10	QA, device testing and accessibility	8	₹11,200
11	SEO basics, performance, deployment and handover	6	₹8,400
12	Project management and review rounds	8	₹11,200
	Total effort	106	₹1,48,400

Fixed project price: ₹1,45,000

The effort total of ₹1,48,400 is rounded down to a fixed price of ₹1,45,000, which includes both the design work and the completed build. GST at 18% is additional where applicable; domain registration (about ₹1,200 a year) and any paid third-party service are billed at cost. Rate basis: ₹1,400 per hour, about ₹11,200 per working day.

TIMELINE

Stage	Working days
Advance received, content and images collected	Day 0
Wireframes and visual design sign-off	Day 5
Build complete, preview link shared for review	Day 12
Revisions closed, launch on your domain	Day 15

Content needed from you: product photographs, final prices and specifications, workshop story details and the email address for the contact line.

OPTIONAL ADDITIONS, QUOTED SEPARATELY
